

# Yancey Arias

LOS ANGELES, California (August 2009) - A "True Love" is Hard to Find...  
But that's not the case for actor and singer, Yancey Arias, who has always had a love for music.

Best known for his work in NBC Universal's Kingpin and the Broadway hit Miss Saigon, Yancey has taken on a new role-hitting the recording studio to bring you the debut of his first song "True Love."

Growing up listening to R&B, Hip Hop, Salsa and Jazz, it's no wonder why the native New Yorker's sound is as diverse as his background. Singers like Stevie Wonder, Marc Anthony, Brian McKnight and Alejandro Fernandez have been the driving forces behind a lot of Yancey's work, both on and off screen.

Yancey decided to pursue a career in music after meeting long-time music manager and producer, Donnie Linton, on the set of a movie. Yancey worked with Donnie and was part of Dick Scott Entertainment. With over 50 years in the entertainment industry, Dick Scott was the manager responsible for the success of New Kids on the Block, Boyz II Men and Mark Wahlberg, to name a few. Mr. Scott had also partnered with the late King of Pop- Michael Jackson on a business venture for the Off-Broadway play Sisterella.

Yancey is excited to share his love of music and songs which were inspired by his friends and family while growing up all over New York. He says he hopes to someday join the list of artists that will influence the next wave of aspiring musicians.
